

RK-A - Bug #1515

Bug in addition of P's in KP tagging

08/19/2021 12:59 PM - Nandini Bansal

Status:	Closed	Start date:	08/19/2021
Priority:	Normal	Due date:	
Assignee:	Nandini Bansal	% Done:	100%
Category:		Estimated time:	2.50 hours
Target version:		Spent time:	0.00 hour
Description			
<p>In the whirlwind book, a token "range(5)" was tagged as BR2P. As a result of which there is a very ugly tagging of the token with just "range(5" tagged as bold red.</p> <p>URL: https://edutestdev-240612.appspot.com/document/python-whirlwind-tour/m?documentURL=10054%2Fds9aug1528%2FWhirlwindTourOfPython%2F13-modules-and-packages-implicit-import-of-module-contents-80.html</p> <p>You can find it in the last paragraph.</p> <p>The KP is getting linked to document with header "range(): A List Is Not Always a List". We need to make changes to ensure that only the "range" part of the token is tagged. Hence, the updated tags should be "BR2PPP". These changes will be made in tagging_utils.py.</p>
