Description			
https://edutestdev-240612.appspot.com/document/python-3-tutorial-pl-2021-10-04-105027.800623-spl/python?documentURL=10014%2Fprd%2F3%2Ftutorial%2Fenv.html			
The PL should have been 'virtual environments' and not 'different virtual environments'. The probable reason for this is the difference in the POS tag of the undesirable/uncommon word. So far we have only handled cases words with POS tags in ["IN", "VBG", "VB", "VBZ", "RB"]
