

RK-A - Feature #2129

Task 1: Creating KBs

02/20/2022 08:12 AM - Nandini Bansal

Status:	Resolved	Start date:	02/21/2022
Priority:	Normal	Due date:	
Assignee:	Rohit Choudhary	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	P1	Spent time:	0.00 hour
Description			
<p>We need to create KBs of different books for inter-book linking of KPs as a part of the new scheme. To create KBs, we will have to save the header variants and all other derived lists from the get_header_variations function in various pickle files.</p> <p>This will be achieved in multiple steps:</p> <ol style="list-style-type: none">1. We will add a new function for creating KBs and a new argument in noun_phrase_comparisons.py2. Call the tag_BR3_IR3 function in the new function and execute this function only till the point get_header_variations is called3. Connect to the drive (google drive) and save the pickle files of the get_header_variations function's output there.			
Subtasks:			
Feature # 2132: Task 1.1: Tag KPs using only 1 KB only			Resolved
Feature # 2130: Task 1.1.1: Creating KBs - Step 1 & 2			Rejected
Feature # 2134: Task 1.1.1.1: Add argument & create new calling function			Rejected
Feature # 2135: Task 1.1.1.2: Modify the tag_BR3_IR3 function for new scheme			Rejected
Feature # 2131: Task 1.1.2: Creating KBs - Step 3 - Save the KBs			Rejected
Feature # 2136: Task 1.1.2.1. Linking google drive and creating folder inside it using ...			Rejected
Feature # 2137: Task 1.1.2.2. Merge the lists to save pickle file			Rejected
Feature # 2138: Task 1.1.2.3. Save remaining variables in pickle/json file format			Rejected
Feature # 2133: Task 1.2. Tagging of KPs using multiple KBs			Resolved
