Extension-v0.92.20: Change UI of extension

06/09/2023 05:36 AM - Ram Kordale

Status:	Closed	Start date:	06/10/2023
Priority:	Normal	Due date:	
Assignee:	Ram Kordale	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	1-RK-J-1	Spent time:	0.00 hour
Description			
Please see 3 UI views V1, V2 and V3 at https://drive.google.com/file/d/17K1Z5KKWBSTumJqyoqShA9osR1EukgcC/view?ts=6482b6cb .			
In the background, get all purple links and results as is done today.			
Today, we show one of 3 views: (a) itemized purple links (b) "no purple links" (c) "video not processed".			
In case of (a) which is shown when get purple links api returns results, here are the changes required:			
- when the extension is opened, show V1			
-- T1 = Want to know more about a term in the video?			
-- T2 = Type phrase e.g. nested list & Press enter [Suppose user entered input I. I is one or more words]			
-- A1 = Action on pressing enter			
- on A1, show V2			
-- if there are matches			
--- T3 = Here you go [Show X at the top right]			
--- find first purple link P whose first two letters match with first two letters of I. Show all PLRs (purple link results) of P and display them as PLR1, PLR2,...PLRn.			
-- if there are no matches and if 'isOpenAIAnswerSupported' is false, show "Unfortunately, this is not explained in any video by the author".			
-- if user clicks on X on top right, show V1			
-- if 'isOpenAIAnswerSupported' is true, continue with below (i.e. T4,B1,A3 are not applicable if 'isOpenAIAnswerSupported' is false)			
--- if results			
---- T4 = Not any of these? Want to know more?			
---- B1 is a button with text "Click here"			
---- A3 = action on clicking B1			
---- on A3, show V3			
-- if there were no results			
---- show V3			
-- T5 = response from server after sending getOpenAIapi(I). Note I is passed as input to the API call.			
-- T5 box should contain a X at the right top.			
- On clicking X in T5 box, show V1

Updated extension data -

In case of (a) which is shown when get purple links api returns results, here are the changes required:

- when the extension is opened, show V1

-- T1 = Want to know more about a term in the video?

-- T2 = Type phrase e.g. nested list & Press enter [Suppose user entered input I. I is one or more words]

-- A1 = Action on pressing enter

- on A1, show V2

-- if there are matches

--- T3 = For explanation from author on <searched term>, click below

--- find first purple link P whose first two letters match with first two letters of I. Show all PLRs (purple link results) of P and display them as PLR1, PLR2,...PLRn.

--- show another search box below purpleLink results.

--- show feedback box icon in bottom right corner.

-- if there are no matches show "Unfortunately,<searched term> is not explained in any video by the author".

In case (b) - Video is not processed -

-- show message "Unfortunately, our AI has not processed this video yet.We are continuously processing more videos based on demand."

-- show feedback box icon in bottom right corner.
