Description			
We will need to get more space at the top for allowing selection of Chapters very soon. Keeping this in mind, let us do the following:			
1. Always show the Theme Bubbles "carousel" [Basically, by default show what we show now when someone presses 'Choose Your Themes']			
2. Remove 'Choose Your Themes' button			
3. Change "If you want to change this, please click on the 'Choose Your Themes' button above the chat window." to "If you want to change this, please click on your preferred themes below."
