RK-A2 - Task #3762

Tweaks to raw input file format (Nov 5)

11/05/2024 07:32 AM - Ram Kordale

Status:	New	**Start date:**	11/05/2024
Priority:	Urgent	**Due date:**	
Assignee:		**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:		**Spent time:**	0.00 hour

Description

- The options can be numbered with numbers instead of letters.
- Copy all lines starting with #$ as is to the standard.txt
- if #$ShuffleChoices line exists, shuffle the answer choices given for every question (not intra-question)
- if 3 or more dashes (e.g. \---) are present, remove them
- if you find two asterisks (**), remove these and the matching two asterisks at the end (e.g. "**some text**", just keep "some text")
